ADVANCED TECHNIQUES AND STRATEGIES FOR LOWER LIMB PLATING AND FIXATION

16th & 17th MARCH 2017

stryker[®]

Newcastle Surgical Training Centre delivers over 150 advanced training courses from regional, national and international surgeons representing multi specialties. Collaboration with national and international faculty drives a greater understanding of surgical techniques delivering improved patient care.

www.nstcsurg.org

COURSE OVERVIEW

This course is designed for surgeons aspiring to a career in orthopaedic surgery. This course will address advanced plating and fixation techniques on the lower limb and consist of hands-on minimal access workshop using fresh frozen cadaveric tissue.

- An intensive course
 - Number of attendees limited to 8
 - Refreshments included
 - Course certificate on completion
 - The course uses fresh frozen cadaveric specimens
 - CPD Pending
-

FACULTY

Mr Stephen Aldridge – Newcastle Trust

Ms Homa Arshed – Newcastle Trust

Mr Omar Sabri - St Georges Hospital, London

Mr Bryn Jones, Glasgow

Mr Will Eardley, James Cook U.Hospital

Mr Hashmi Munawar – Newcastle Trust

Mr Jim Holland – Newcastle Trust

Mr Kazi Rahman – Newcastle Trust

Course includes

Pelvic & Acetabular Fixation

Plating Techniques: Compression, bridging, percutaneous

Plating Techniques – Correct implants/Consistent methodology

Indications for Plating and Surgical Strategy

MIPPO Techniques

Bone graft/substitutes

Plating options

Calcaneal and Talar fractures

Obtaining soft tissue coverage in the lower limb

Local and free flap options with case examples
